PROFESSIONAL SUMMARY

Results-driven Full Stack and ERP Developer experienced in building scalable web applications, RESTful APIs, and relational databases. Adept at streamlining operations and delivering high-performance, user-centric solutions. Proven track record of reducing load times, optimizing database queries, and accelerating feature delivery.

TECHNICAL SKILLS

- **Frontend:** React.js, React Native, JavaScript (ES6+), HTML5, CSS3, Bootstrap, Ant Design.
- **Backend:** ASP.NET Core, C#, Web API, Node.js, Express.js, PHP (CodeIgniter), Java.
- **Database & DevOps:** Microsoft SQL Server (MSSQL), MySQL, MongoDB, Git/GitHub, IIS, BigRock, Postman, Entity Framework.
- **Core Competencies:** ERP/CRM Systems, REST API Development, Role-Based Access Control (RBAC), Performance Tuning.

PROFESSIONAL EXPERIENCE

Aniket Amenities Pvt. Ltd. | ERP Developer (ASP.NET) Mar 2026 – Present

- Develop and maintain robust ERP web apps and RESTful APIs utilizing ASP.NET Core, C#, Entity Framework, and SQL Server, supporting cross-departmental operations.
- Build responsive UIs with React.js and Ant Design, integrating role-based authentication via JWT and ASP.NET Identity to secure access for 4+ distinct user roles.
- Manage continuous application deployments across multiple IIS servers, successfully handling DNS and hosting configurations via BigRock Control Panel with 99.9% uptime.
- Collaborate with cross-functional teams to gather requirements, fix critical bugs, and deliver 2+ major system enhancements to improve business workflows.

AndEvent | Junior PHP Developer Dec 2025 – Mar 2026

- Built 3+ MVC web modules using PHP (CodeIgniter), reducing feature delivery time by 20%.
- Optimized 10+ MySQL queries, slashing average data retrieval time by 30% across key reporting pages.
- Deployed zero-downtime updates to production servers via FileZilla and integrated UI components with server-side logic, validating 5+ critical forms.

Centeos Technologies | React Native Developer Intern Sep 2025 – Dec 2025

- Shipped 8+ cross-platform mobile screens for Android and iOS, cutting UI load time by 25% through component optimization.
- Resolved 5+ backend API bottlenecks collaboratively, improving average response times by 40%.
- Validated 15+ RESTful endpoints via Postman ensuring 100% reliable frontend-backend data exchange.

SDAC Infotech | Full Stack Developer Intern Apr 2024 – Jun 2024

- Developed 4+ responsive apps and RESTful APIs using Node.js, PHP, HTML5/CSS3, and Bootstrap.
- Modeled MySQL and MongoDB schemas, successfully boosting query efficiency by 20%.

PROJECTS

Live Polling System & Motion3D Photo Capture | PHP, JavaScript, MySQL, APIs

- Launched a real-time polling platform using AJAX for asynchronous voting, securing data integrity within MySQL.
- Shipped a mobile-first web app generating personalized posters by integrating the Remove.bg REST API for background removal.

Event Management System & Digital Art Gallery | Java, PHP, MySQL, Tailwind CSS

- Spearheaded a centralized event platform, reducing manual effort in attendee communication and venue coordination.
- Built a community platform featuring user authentication and social feeds to foster creator engagement.

EDUCATION & CERTIFICATIONS

Thakur College of Commerce & Science, University of Mumbai | B.Sc. Computer Science Graduated: 2025
CGPA: 6.2

Certifications: JS Full Stack Developer (Grade: A) - SDAC Infotech | Linux Fundamentals
